Inside our school

Alicante enjoys a wonderful climate year round, its splendid beaches winning Blue Flag awards every year. With 500,000 inhabitants, Alicante is a medium-sized city, in an exceptional location, with wonderful beaches. Here, people speak Spanish with no strong accent or regional dialect. We have two schools in Alicante.

Our **Option 1 school** is ideally located in the **old town centre** of Alicante, just five minutes' walk from the main **beach**. There are 7 **air-conditioned** classrooms, an Internet café and student common room.

Our **Option 2 school** is located on the Esplanade, just 2 minutes' walk from the beach. The harbour and sea are visible from the classrooms.
