

HAMBURG

Germany

Hamburg is a beautiful historic port but also a modern, thriving, city. This is a city of canals, parks, waterfront pubs and beautiful buildings. Though Hamburg is an international port and commercial city, this is also a city of culture and elegance, with opera, ballet, numerous theatres, medieval churches and museums

Our school in Hamburg is located in a quiet pedestrianized street, lined with trees, **right in the city centre**. The school has over 20 classrooms and a comfortable **on-site student residence**, located in **the same building** as the school.

Each room in the on-site residence has a TV and radio. There are bathrooms on each floor, but no kitchen facilities. This on-site student residence is **ideal** for students who want **reasonably priced** but **comfortable** student accommodation, right **in the centre** of Hamburg. Students can also stay in carefully selected German host families, with either self-catering (use of kitchen), bed and breakfast, or 2 meals/day. All the families live in good residential areas of Hamburg.

Our Hamburg school offers an **extensive cultural program**, including sightseeing tours around Hamburg, visits to local companies (Hamburg Brewery, TV and Radio stations), museum visits, full-day excursions to Lubeck, Bremen and Sylt.

Star Points

- ★ **High Quality German course**
- ★ **On-site student residence**
- ★ **School in centre** of Hamburg
- ★ **Excellent activities programme**

REGENSBURG

Germany

Regensburg, on the River Danube, in the heart of Bavaria, is undoubtedly one of the most beautiful cities in Germany. This ancient city has a beautifully preserved historic centre, in which **our school** with **on-site student residence**, is located. The cobbled streets and picturesque squares give the city a 'homely' feel. However, with many German students attending Regensburg University, the city feels lively and youthful, whilst still historic and cultural.

Our school has 8 classrooms, plus an Internet café. The school has its own **student residence**, in the same building as the school, providing **reasonably priced** student accommodation in the **historic heart** of Regensburg. There are single and double rooms, most with **private toilets/showers**. There are also shared kitchens in the residence, for students to cook for themselves. Or, students can stay in a **university residence**. As well as the German course, the school provides an **extensive cultural program** of guided walks, excursions and activities.
