

MUNICH

Germany

German class at our school in Munich

Munich is a fascinating city in which to study German. There is a large and monumental historic centre, combining easily with the lively, modern and cosmopolitan Munich of today. This is an exhilarating city of culture, festivals, opera, museums and theatres, as well as business and industry, with a vibrant student life.

Our school is located **right in the centre** of Munich, just **150 metres** from the pedestrianised area. There are 10 spacious, well equipped classrooms, student common room, cafeteria, library + Internet café. The **friendly staff** organise a **minimum of 3 activities/week**, so that students become fully integrated into the city and have the maximum opportunity to **meet Germans**. These activities include guided walks around Munich, BMW factory visits, German film evenings, parties, beer garden evenings, cycling trips, as well as full-day excursions to Neuschwanstein Castle, Dachau and the famous 'Oktoberfest'.

Multi-Stay Munich/Berlin if you like, you can **divide** your German course between **Munich** and our school **Berlin Option 2** (see page 67)
