

SAN SEBASTIÁN

Spain

San Sebastian (population 170,000) lies on a beautiful sandy bay on the North coast of Spain. The city itself is stunningly beautiful, with a fascinating historic centre, full of narrow streets, restaurants and bars. As the climate is not as hot as the Mediterranean coasts of Spain, San Sebastian has been saved from over-development by tourism. This is also an ideal base from which to explore the nearby Pyrenee Mountains, as well as the spectacular, largely undiscovered scenery of Spain's northern coast.

Our school has 15 classrooms, a library/common room, Internet café, cafeteria and large terrace. The school is **ideally located**, next to a park and just a **short walk** from both the **beaches** and **the old town**. The school organises **'international evenings'**, Spanish film evenings, **parties** and visits to places of interest within San Sebastian. There are also **full day excursions** to Vitoria, **Pamplona** (famous for its bull run) to **the mountains**, to Hendaye, and to fishing villages along the coast. The facilities at the school are **excellent** and the standard of tuition exceptionally high.
