

VICHY

France

Vichy, lies in the heart of France. This is a largely 'undiscovered', incredibly beautiful region, an ideal location for truly 'living' the French language. However, Vichy is also a modern town, with excellent facilities for students – sports centres, cinemas, theatres, concert halls, shops, bars, restaurants and nightlife.

Our school is ideally located on a campus shared with French university students.

The facilities are first rate: **3 language laboratories**, student restaurant, library with 35 computers connected to Internet, common room, numerous well-equipped, **light and airy classrooms**. As the **international students** share the campus with **French university students**, they have ample opportunities to mix and make friends with French students.

The **student residence** is just a **short walk** from the school and is also shared with French university students. All rooms are '**mini-studios**' with **private toilet, shower + kitchenette**.

Star Points

- ★ **First-rate French course**
- ★ **Campus/residence shared with French university students**
- ★ **Student residence just a short walk from the school**, all rooms with **private shower/toilet and kitchenette**.

The beautiful Caribbean Island of Guadeloupe in the French West Indies is the ideal location in which to 'learn French in the sun'. There are mountains, waterfalls, dense forests, **coral reefs** and, of course, wonderful **sandy beaches**, fringed with palm trees.

Our school is located in **Sainte Anne**, a small town situated on the south coast. Sainte Anne is famous for having one of the **most beautiful beaches** on the island - and our school is located **just 50 metres from that beach!** The school has 5 air-conditioned classrooms, a small library and Internet access for students. It is conveniently close to banks, the Post Office, shops and cafes. Accommodation is in carefully selected French-speaking host families, or in studios, with **private toilet/shower and cooking facilities**.

So as to ensure that students thoroughly **enjoy** their stay in Guadeloupe and to help them discover all that the island has to offer, our school organises a wide range of activities and excursions, including **Salsa** and African **dance classes**, Creole cookery, **scuba diving**, windsurfing, horse back excursions and sailing boat trips. There is also an extremely popular '**French and Hiking/Kayaking**' course, involving 3 days of Hiking and Kayaking in the **National Park**, accompanied by professional guides.
